

# Your Visit to Boston University!

A colorful, stylized illustration of the Boston University campus and surrounding city skyline. The scene features various buildings in shades of red, orange, yellow, and blue, with a prominent white building with a portico in the foreground. A sun is visible in the sky on the right side. A red-bordered box containing the text 'BOSTON UNIVERSITY' is positioned in the upper left area of the illustration.

BOSTON  
UNIVERSITY

Say hello to Maisy the Mouse.

Maisy and I are going to tell you about your visit to Boston University!

First, you will come to our center at Boston University.

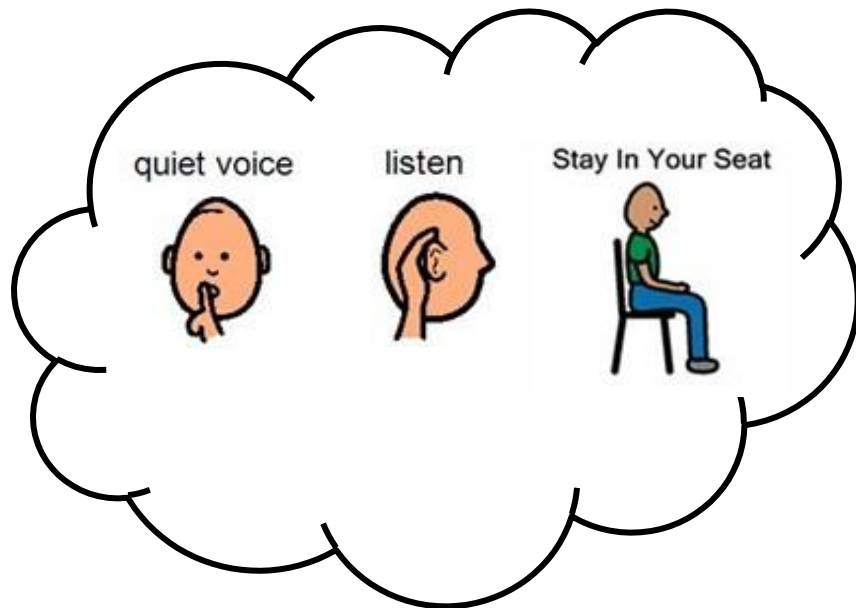

Once you are inside, you can play with toys and eat a snack.

Yummy! Which snack do you want?

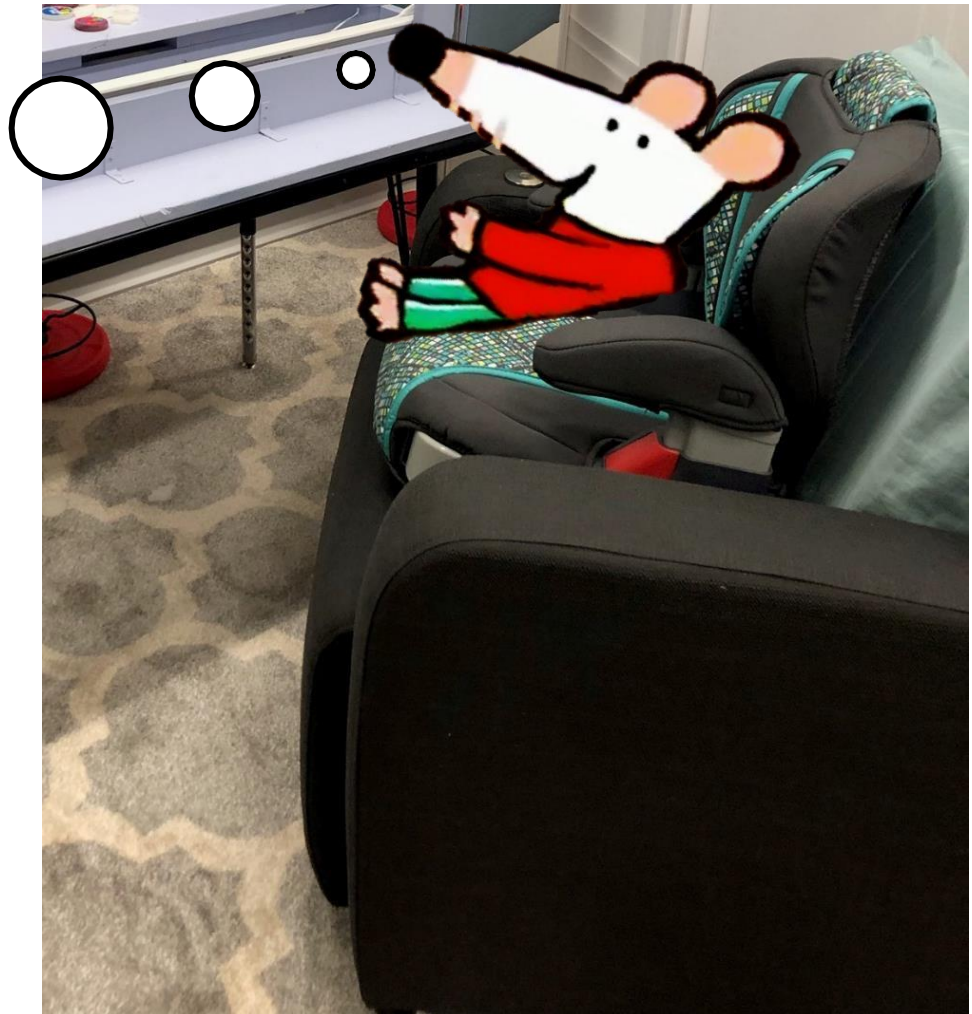

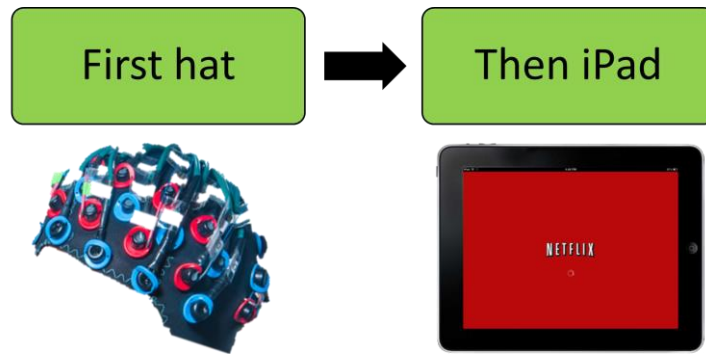

Later, you will come to our other room and sit down.  
It is important to sit quietly in your seat and listen to directions.

Let's practice  
sitting quietly  
together!

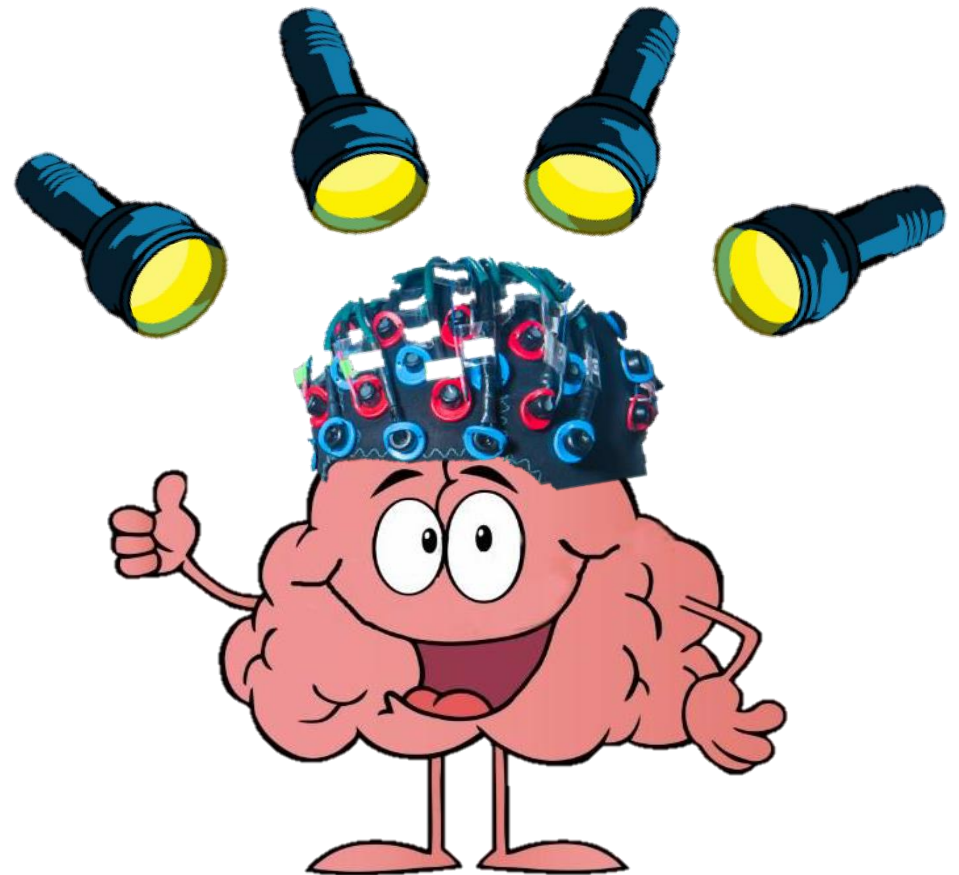

We will put a special hat on your head.  
You can watch the iPad while we touch your head and your hair.

This special hat is made of tiny flashlights.  
The flashlights let us see what is happening in your brain while you are thinking.

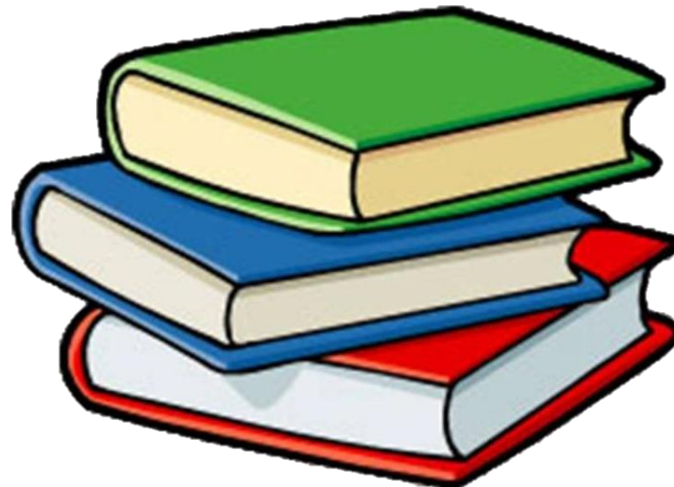

Have you ever  
used a flashlight  
to look at things  
up close?

**Your brain!**

Once the hat is on your head, you will watch a movie and read a book.  
We will take a video of you using our video camera.

You will also read a book with your mom or dad.

Last, you will get a prize to take home with you!

There are 3 important things to remember during your visit.

1. You might get tired or bored
2. You can ask for a break whenever you want
3. You can say no if you do not want to do something
